

2020 WEST DISTRICT DENTAL SOCIETY ANNUAL MEETING

Friday, August 21, 2020

**Elite Health Center, 820 West 42nd St.
Scottsbluff, NE. 69361**

Zoom CE presentations - 8:00 a.m. to 1:00 p.m.

West District business meeting and lunch - 1:00 p.m. to 2:00 p.m.

With Covid-19 amongst us and not knowing exactly what August will bring, the West District has decided to do an abbreviated meeting this year. Both speakers will be presenting their programs via Zoom. For those that feel comfortable meeting in person, please join us at the Elite Health Center to watch the Zoom presentation as a group. Following the presentations at approximately 1:00 p.m., we will hold the West District business meeting and lunch. Lunch will be provided by the West District. For those that do not want to travel or meet in person, we will provide the Zoom link to each registrant prior to the meeting.

Speaker - Dr. Robert Margeas
8:00 a.m. to 11:00 a.m.
(3 hours of CE)

Dr. Margeas graduated from the University Of Iowa College Of Dentistry in 1986 and completed his AEGD residency the following year. He is currently an adjunct professor in the department of Operative Dentistry at the University of Iowa. He is Board Certified by the American Board of Operative Dentistry. He is a Diplomate of the American Board of Aesthetic Dentistry, a Fellow of the Academy of General Dentistry, American Society for Dental Aesthetics and International Team of Oral implantologists (ITI). He has written numerous articles on esthetic and implant dentistry, and lectures and presents hands-on courses nationally and internationally on those subjects. He is currently the Editor in Chief of Inside Dentistry, on the Editorial Board of Compendium, and is a contributing editor to Oral Health in Canada. His memberships include OKU Honor Dental Society, American Academy of Esthetic Dentistry, and the American Academy of Restorative Dentistry. Dr. Margeas maintains a full-time private practice focusing on comprehensive restorative and implant dentistry in Des Moines, Iowa.

**Program- "Every Day Dentistry -
More Than Every Day Esthetic Results"**

COURSE DESCRIPTION:

This webinar is designed for the everyday dentist who needs to be efficient in order to be profitable. Composite resin is a very versatile material that should not be considered a second class citizen to porcelain. You will learn how to create an invisible class 4, perform a diastema closure without the use of matrices or wedges, and do resin veneers that can rival porcelain. A finishing and polishing technique will allow natural surface texturing. A technique to alter vertical dimension with composite overlays fabricated by the dentist to stage cases or to provide transitional bonding will be shown in great detail. Silicone dies will be used to fabricate these restorations in minutes, utilizing a method of indices with a clear PVS material.

Immediate implant placement following extraction in the anterior region utilizing the natural tooth as a provisional will be discussed and shown in great detail with numerous cases of cement and screw retained options. How and when to utilize the techniques will be shown. The techniques learned can be incorporated immediately into your practices following this fast paced webinar.

Speaker - Jackie Dorst, RDH, BS

11:00 a.m. to 1:00 p.m.

(2 hours infection prevention CE and annual OSHA safety training)

Program- "Covid 19 Infection Control & OSHA Safety"

Jackie Dorst speaks, writes and consults on instrument sterilization, infection prevention and OSHA safety. Jackie's experience in the dental profession, business, public speaking and research contribute to her energetic seminars based on scientific information applied to clinical effectiveness and efficiency.

She received her Bachelor of Science degree in Microbiology from the University of Georgia and, as an undergraduate, served as a Research Assistant in Medical Mycology. Jackie is a Dental Hygiene graduate of Clayton State University.

Jackie Dorst's speaking credentials include the International Orthodontic Congress in Paris and the 3rd International Congress of Dental Technology in Yokohama, Japan. She has been a featured speaker at the American Association of Orthodontists, the American Association of Endodontists, the American Dental Association, and Wired for Success in addition to state and regional professional meetings.

Jackie is a member of the Organization for Safety, Asepsis and Prevention, OSAP, the Association for Professionals in Infection Control and Epidemiology, APIC, the National Speakers Association, and she is OSHA certified to deliver safety training courses.

COURSE DESCRIPTION:

Covid 19 changed dental practices' infection control and OSHA safety precautions. The SAR's CoV-2 virus' aerosol disease transmission requires different PPE, effective disinfectants and new patient schedules.

Jackie Dorst's webinar updates the dental team on the latest safety precautions to prevent aerosol disease transmission for patients and the dental team. During Closure and Re-Opening, there has been an abundance of information from CDC, OSHA and ADA. So much new information on this novel virus is confusing and scary. It's important for the dental team to understand what are the current facts and latest guidance for safe dental.

Webinar attendees will learn current factual information on aerosol disease transmission. Jackie will share trustworthy information resources and recordkeeping forms to update the dental team.

Learning objectives:

- List 5 symptoms of Covid 19;
- Demonstrate N95 seal test;
- Distinguish between Standard Precautions, Contact Precautions, and Aerosol Precautions;
- List five airborne diseases that can be transmitted during dental procedures;
- Identify correct PPE Donn & Doff sequence.

REGISTRATION

There are two ways to register for this meeting. Return the paper registration form to Dr. Sami Webb, with a check, or register online using the link on the NDA homepage (www.nedental.org). **Credit card payments are only accepted with the online registration.**

Please be sure to indicate on the registration form if you are attending the presentations in person.
